After-Hours Policy

Action	Voicemail — caller invited to leave a message
Emergency Slots	Reserved (held back for urgent cases)
Closed Dates	None currently configured

The AI receptionist automatically detects out-of-hours calls and routes them to voicemail. Emergency calls trigger NHS 111 / 999 guidance before logging as urgent for the team to review.

Booking Rules & Policies

Scheduling

Minimum Notice	2 hours before appointment
Maximum Future Booking	30 days in advance
Default Duration	30 minutes
Buffer Between Slots	None (0 minutes)

Cancellation & Changes

Cancellation Cutoff	24 hours ahead — late cancellations rejected
Double Booking	Forbidden — system rejects overlapping slots
Reschedule Limits	No limit set

Emergency Slots

Policy	Reserved — dedicated slots held for urgent cases
--------	--

When a preferred slot is taken, the AI automatically offers the next two or three available alternatives in real time, without requiring staff involvement.

AI

Hi, thanks for calling dentora Medical... this is Receptionist, how can I help you today?

Hi, I'd like to book in for a checkup, please.

PATIENT

AI

Are you an existing patient with us, or would this be your first visit?

This will be my first visit.

PATIENT

AI

Could I take your full name please?

Alfie Tilson.

PATIENT

AI

Just to confirm, that's Alfie Tilson — is that right? And your date of birth?

3rd of November, 2005.

PATIENT

AI

What's the best phone number to reach you on?

07725657670.

PATIENT

AI

And your email address?

alfie@clientreach.ai.

PATIENT

AI

I see availability for a checkup on Monday, May 18th. Would 9:30 AM work for you?

Before I book — do you have parking available?

PATIENT

AI

I don't have information about parking. I can make a note and pass it to the team if you'd like.

No, I'm cool, mate. I was just talking to my mate. [Call ended]

PATIENT

AI ACTIONS & INTENDED NEXT STEPS

→ Registered new patient profile: Alfie Tilson, DOB 03/11/2005, 07725657670, alfie@clientreach.ai

→ Identified intent: first-visit checkup booking

→ Queried calendar availability and found 9:30 AM slot on 18 May 2026

→ Was about to confirm the booking — caller hung up before confirming the slot

→ Flagged parking question — AI logged it as an unanswered knowledge gap for staff follow-up

→ Planned: send confirmation SMS/email once slot confirmed (not completed — call ended)

AI

Are you an existing patient, or would this be your first visit?

PATIENT

Hi, I need to book an appointment.

AI

We have availability on Monday 18th at 10 AM, 10:30 AM, or 11 AM. Which works for you?

PATIENT

First visit. My name is Mani Jutla, DOB 1st of October 1987.

PATIENT

Phone: 07840145923. Email: Johnla1@homel.com.

PATIENT

I want a consultation for Invisalign.

AI

I'm sorry — that slot at 11 AM is no longer available. Would 10 AM or 10:30 AM work?

PATIENT

11 AM.

AI

Great! You're booked in for an Invisalign consultation on Monday 18th at 10 AM. Anything else?

PATIENT

What is the cost?

AI

I don't have the cost information. I'll pass a message to the team to get back to you.

PATIENT

Yes please. Also — which dentist is working that day?

AI

I don't have the dentist's schedule. I'll pass that question to the team as well.

PATIENT

I'd also like to book a hygienist appointment — next Wednesday if possible.

AI

We have Thursday 21st at 9 AM, 9:30, 10, 10:30, or 11 AM for a hygienist. [Call ended before confirming]

AI ACTIONS & INTENDED NEXT STEPS

→ Registered new patient: Mani Jutla, DOB 01/10/1987, 07840145923, Johnla1@homel.com

→ Successfully booked: Invisalign consultation — Mon 18 May 2026 at 10:00 AM (confirmed, in Google Calendar)

→ Logged staff follow-up task: contact patient with Invisalign consultation cost

→ Logged staff follow-up task: inform patient which dentist is on duty 18 May

→ Was offering hygienist slots for Thu 21 May — caller disconnected before confirming

→ Planned: book hygienist appointment and send full confirmation to patient (incomplete)

AIHi, thanks for calling dentora Medical... this is Receptionist, how can I help you today?

Emergency.PATIENT

AIThe clinic is currently closed. If you have difficulty breathing, severe throat swelling, or heavy bleeding — call 999 or go to A&E immediately. For urgent dental pain, abscess, knocked-out tooth or severe swelling — call NHS 111 or visit 111.nhs.uk. I'll log this as urgent so our team sees it first thing when we reopen. Would you like to leave your name and number for a callback?

Nice.PATIENT

AIWould you like to leave your name and number for a callback?

What's your last name, sir?PATIENT

AI I am an AI receptionist, so I don't have a last name.

[Call ended]PATIENT

AI ACTIONS & INTENDED NEXT STEPS

→ Detected "emergency" keyword — triggered after-hours emergency protocol immediately

→ Delivered triage guidance: 999 for life-threatening, NHS 111 for urgent dental

→ Logged call as urgent in the staff review queue for team to action at opening

→ Attempted to collect callback details — caller declined and disconnected

→ Planned: if callback details provided, schedule a staff follow-up call at opening time
