

CALL HANDLING

- **Answers every call in under 1 second**

No hold music, no missed calls — 24 hours a day, 7 days a week, including bank holidays

- **Holds a real conversation**

Speaks naturally with patients — not a robot menu, not "press 1 for..."

- **Handles emergencies**

Spots urgent situations and offers same-day slots or immediately alerts your team

- **Out-of-hours cover — included**

Evenings, weekends, and bank holidays covered at no extra cost

APPOINTMENTS & SCHEDULING

- **Books appointments directly into your calendar**

Connects to Google Calendar — bookings appear instantly, no double-booking possible

- **Reschedules and cancels too**

Patients can move or cancel an existing appointment in the same call

- **Sends no-show reminders**

Automated reminders before each appointment to reduce empty slots

- **Handles new and returning patients differently**

Recognises first-time callers and adjusts the booking flow accordingly

PATIENT QUESTIONS

- **Answers FAQs using your own information**

Pricing, insurance, treatments, directions, parking — whatever you upload, it knows

- **Always accurate — never makes things up**

If it doesn't know, it takes the patient's number and flags it for your team to call back

STAFF TOOLS

- **Email summary after every call**

Your team gets a plain-English summary of what was discussed and what was booked

- **Dashboard to review every call**

Read transcripts, listen to recordings, edit bookings, or mark calls as resolved

- **Staff approval workflow**

Review and approve any booking Dentora made before it's finalised — you're always in control

- **Instant alerts for urgent calls**

If a call needs a human, your team is notified immediately with the full conversation attached

ANALYTICS

- **See exactly when patients call**

Call volume by hour and day — plan your staffing around real data

- **Track booking conversion rate**

Of every call that wanted an appointment, how many were successfully booked?

- **Top patient questions report**

Know what your patients ask most — use it to improve your website and FAQs

SECURITY & COMPLIANCE

- **UK GDPR compliant — built in, not bolted on**

Patient data rights (access, erasure, portability) are handled automatically

- **All patient data encrypted**

Names, phone numbers, and notes protected with bank-grade encryption (AES-256)

- **Data never leaves the UK**

All servers are UK-based — no data transferred overseas

- **Two-factor login for all staff**

A stolen password alone cannot access patient data

SETUP & PRICING

- **Live in 15 minutes — no IT needed**

Connect your calendar, upload your FAQs, forward your calls — that's it

- **Works with your existing phone number**

Simple call forwarding — no number change, no hardware

- **No setup fees, no long contracts**

Cancel anytime from your dashboard — Starter from £149/mo, Growth from £299/mo
